

# Children's Parliament Investigates Bullying

Children's Parliament builds relationships that allow children the opportunity to voice their ideas, thoughts and feelings; so that their concerns and opinions can be listened to and included in our social and political landscape.

Between January and June 2016 Children's Parliament worked with 4 school communities, our thanks to **Hermitage Park, James Gillespies, St. Peter's** and **Wardie** primary schools. Our work with these schools formed phase 1 of an exciting new programme called *Children's Parliament Investigates Bullying*.

Our Children's Parliament Investigators produced these posters to reflect the importance of rights and relationships within the themes and issues of; **Human Dignity, Well-being, Trust, Empathy, Bystanders, Relationships, Safety.**
