

Chocolate Crispy Cakes Recipe

Ingredients: 100g of chocolate
100g of cornflakes
12 cupcake cases

Method:

- Break your chocolate into smaller pieces and melt (either in the microwave or over the stove in a bain-marie) - ask a grown up to help you with this bit!
- In a big bowl, mix the chocolate into your cornflakes until they are fully covered.
- Spoon the mixture into your cupcake cases, and pop them in the fridge to set!

Decorations

You will need sellotape, scissors and some paper and pens to make your cake toppers.

If you don't want to draw a picture, you could print off our "Logos Page" and use those pictures for your cake toppers. Or, you might prefer to decorate your cakes with white chocolate, sprinkles or marshmallows!

- Cut an **A4 piece of paper** into 12 small pieces.
- Draw a picture on each small piece of paper.
- Use a piece of **tape** to stick a **cocktail stick** to the back of your picture.
- Now you have a cake topper!
- Pop one in each of your crispy cakes to decorate.
