Scottish Youth Parliament

The Scottish Youth Parliament represents Scotland's young people aged 12-25. Our vision for Scotland is of a nation that actively listens to and values the meaningful participation of its children and young people. Our goal is to make this vision a reality, in order to ensure Scotland is the best place in the world to grow up.

Children's Parliament

Children's Parliament is Scotland's Centre of Excellence for children's participation and engagement. We work for a world where all children grow up in an environment of love, dignity and respect. Through our rights-based, creative practice, we provide younger children aged 3-14 from diverse backgrounds across Scotland with opportunities to share their experiences, views and ideas so that they can influence positive change in their lives at home, in school and in the community.

Together (Scottish Alliance for Children's Rights)

Together is an alliance of Scottish children's charities that works to improve the awareness, understanding and implementation of the United Nations Convention on the Rights of the Child (UNCRC).

We do this by:

- promoting the UN Convention on the Rights of the Child;
- helping children's organisations to integrate the UNCRC into their work;
- monitoring and reporting on the progress made at a Scottish and UK level.

Our growing membership is made up of a range of children's charities, from small local playgroups through to large international charities, alongside individuals, academics and professionals with an interest in children's rights.
